tremendous loss that Blakists' razing of Outreach inflicted on the Wolf's Dragoons, Collin does not share the often-brooding, still-in-mourning attitude held by the Dragoons' older warriors. For this reason, many of his superiors sneer at this "young pup," and hope that one day he realizes how lucky he is to have gotten as far as he has in life.

Collin Tolek fights the same way he approaches everything else in his life, and is often at the forefront of any attacking force. His arrogance and carelessness have separated him from his support troops on many occasions, and many times he has made a battle much more costly than it needed to be. Though he has received numerous reprimands and even a demotion from captain to lieutenant, Collin still seems unable to learn from his mistakes. But despite his many flaws, the men in Collin's lance all seem to regard this brash young hotshot as a friend and comrade for whom they would gladly give their lives.

FE-096-01**Commentary**

Clan Hell's Horses initially fielded the fearsome *Cygnus* in 3075 as part of their ongoing effort to revitalize their armed forces after their massive assault on Clan Wolf's Inner Sphere holdings. The new design called for simplicity, survivability, and above all, quick lethality. In the wake of the Jihad and the Horses' assault on Clan Wolf, the Horses and the exiled Clan Wolf forces operating on the Lyran front formed an uneasy alliance. Part of this alliance included the trade of equipment, including the new *Cygnus*, among which was HH992-19X. The Wolves-in-exile shared the fruits of this venture with their shattered allies in the Wolf's Dragoons, who continue to struggle even today to recover from the horrors of the Jihad. Collin Tolek has named this *Cygnus* "Hell's Angel" in an obvious reference to the 'Mech's origins.

Recklessness, ill-timed bravery, and ill-conceived battle plans all epitomize the spirit of MechWarrior Collin Tolek, proving once more that simply being in a mercenary unit known across human-occupied space does not qualify a warrior as "elite." Collin is brash, self assured, and uninhibited, both inside the cockpit and out, and has a flair for overplaying his hand and overstepping his role. Were it not for the fact that he actually manages to get results at least half the time, there is little doubt that Collin would have been cashiered by the Dragoons long ago.

Too young to remember the horrors of the Jihad, or the
