UNIT: COMMANDO SQUAD

FACTION: Dragon's Fury
REGIMENT: Amaterasu

The Commando Squad of the Amaterasu is the most feared of the Dragon's Fury conventional infantry forces. Staffed, like all Amaterasu units, entirely by women, the Commandos are experts in stealth and nighttime combat, martial arts, swordplay, and small arms. Their armor, an ablative adaptation of the conventional DEST "ninja" combat gear, comes complete with sophisticated wraparound-vision helmets, making them impossible to surprise. The KA-47 Subgun used by this Squad is outranged by the standard automatic rifles used by most infantry forces, but the high rate of fire allows the Amaterasu commando to spread lethal fire over a wider area.

Amaterasu Commandos expect and grant no quarter in combat, and are ruthless to the extreme. They only take prisoners when their superiors order them to do so, and never allow themselves to be captured.

Elite Infantry

UNIT: TAMARA'S RANGERS

FACTION: Dragon's Fury
REGIMENT: AmaterasuUNIT TYPE: Hauberk
Battle Armor

Tamara's Rangers are commanded by *Tai-i* Tamara Skedjil, a woman known for her remarkably fanatical hatred of all things Davion and for her penchant for personally leading her troops into combat. The fact that the Rangers use the Davion-made Hauberk battle armor is nothing short of miraculous. To reconcile her hatred of the people with her use of their tools of warfare, Tamara has told her troops that killing those sworn to the Federated Suns with their own weapons is the kind of bleak irony that they deserve.

In battle, Tamara's Rangers fight with almost fanatical ferocity. Driven by a need to inflict the maximum number of casualties, Tamara often leads her Rangers against enemy formations where conventional infantry are most concentrated. This tactic has earned the Rangers one of the highest kill counts in the Amaterasu—a regiment already known for its brutality.

UNIT: PILLAR ONE

FACTION: Dragon's Fury
REGIMENT: Order of the
Five Pillars

Pillar One is the name given to the O5P's elite Raiden Battle Armor platoon, in recognition of the fact that the warriors, not the machines, are paramount to the strength of the Dragon's Fury.

Pillar One is a finely honed team of battle troops, equipped with an improved variant of the standard Raiden battlesuit. Like the conventional Raiden armor, the suits used by Pillar One feature a reflective armor allowing them to advance using their jump jets and remain virtually undamaged by hostile energy-weapons fire.

The members of Pillar One are experts in battle-armored combat—they wear their suits the way conventional troops wear fatigues. Pillar One moves faster, fights harder, and delivers more accurate fire than any other Raiden squad on the field today.

UNIT: KAGEMUSHA

FACTION: Dragon's Fury
REGIMENT: Order of the
Five PillarsUNIT TYPE:
Kage Battle Armor

The Kagemusha specialize in commando-style operations against BattleMechs and conventional vehicle forces. These elite warriors use ECM-enhanced Kage Battle Armor, making them fast and evasive in battle.

The Kagemusha are commanded and trained by *Tai-i* Shiro Illyanovich, a master of the ninjitsu and kenjutsu forms of martial arts. The Kagemusha have absorbed some of his mastery of stealth techniques and evasive maneuvering to such a degree that these troops can avoid incoming fire far better than other elite Kage squads.

The Kagemusha's bravery and skills enable them to close with some of the most dangerous prey on the battlefield, making these warriors a valued addition to the Dragon's Fury.
