The models in Domitan's Stormcoven are Domitan, Eye of the Storm, Leona Stratosi and Sarpon, the Cyclone. Each is armed with Azyrite Bolts and Valedictor Weapons.

WIZARD: While this unit has 2 or more models, it can attempt to cast 2 spells in your hero phase and attempt to unbind 2 spells in the enemy hero phase. While this unit has 1 model, it can attempt to cast 1 spell in your hero phase and attempt to unbind 1 spell in the enemy hero phase.

Gather the Aether: *Domitan's Stormcoven harness the aether and store its power, ready to be unleashed at a moment's notice.*

At the start of each battle round, if this unit is on the battlefield, after determining who has the first turn but before the first turn begins, you can pick 1 large battlefield quarter. That battlefield quarter becomes aethercharged until the end of the battle round.

Scouring Arcs: *Domitan's Stormcoven draw upon the harnessed aether to imbue their weapons with the deadly power of the storm.*

Add 1 to hit rolls for attacks made by this unit while is wholly within an aethercharged battlefield quarter.

Aethershock: *Domitan's Stormcoven unleash aether-charged energy across the battlefield, bolstering their allies or blasting enemies to the ground.*

This unit cannot attempt to cast this spell unless it is wholly within an aethercharged battlefield quarter. Aethershock is a spell that has a casting value of 8. If successfully cast, pick 1 unit within an aethercharged battlefield quarter that is visible to the caster. If you picked a friendly unit, the strike-first effect applies to that unit until the start of your next hero phase. If you picked an enemy unit, the strike-last effect applies to that unit until the start of your next hero phase.
