GRYSELLE'S ARENAI

Gryselle's Arenai are expert gladiators from the fighting pits of Har Kuron. Each is highly skilled at dispatching numerous enemies in a blur of flashing weapons.

MELEE WEAPONS	Range	Attacks	To Hit	To Wound	Rend	Damage
Gladiatorial Weapons	1"	3	3+	3+	-	1
Gladiatorial Blades	1"	4	3+	3+	-1	D3

The models in Gryselle's Arenai are Gryselle, the Slaughterer; Kalexis, the Silvered Blur; Retaria, the Entangler; Thrialla, the Lash; and Traxya, the Aegis. Gryselle is armed with Gladiatorial Blades. Kalexis, Retaria, Thrialla and Traxya are each armed with Gladiatorial Weapons.

CHAMPION: Gryselle, the Slaughterer, is the unit champion and has a Wounds characteristic of 3. That model can issue commands to their own unit.

Dance of Death: Sisters of Slaughter manoeuvre through the enemy ranks with the greatest of ease.

This unit is eligible to fight in the combat phase if it is within 6" of an enemy unit instead of 3", and it can move an extra 3" when it piles in.

Acrobatic Bloodshed: As they flip and twist across the battlefield, the gladiators sever arteries and slash exposed throats, leaving any enemies left alive completely disorientated.

If the unmodified hit rolls of 3 or more attacks made by this unit that target the same enemy unit in the same phase are 6, the strike-last effect applies to that enemy unit until the end of the turn.
