

Travelling together, the Thricefold Discord serve the toughest of punishments: each other's company. A sorceress, an assassin and an indolent leader, these three daemons are constantly at odds – yet their rivalry destroys everything around them with surprising effectiveness.

ELITE: Models in this unit can issue commands to their own unit.

WIZARD: Vashtiss the Coiled is a WIZARD. That model can attempt to cast 1 spell in your hero phase and attempt to unbind 1 spell in the enemy hero phase.

Indulgence Given Form: *The Thricefold Discord are a sinister example of all of one's vices and virtues taken to excess.*

Each time an enemy unit receives a command while it is within 12" of this unit, give 1 indulgence point to this unit (to a maximum of 6). Once per phase, you can spend 1 of this unit's indulgence points and pick 1 of the following effects to apply:

- This unit can receive a command this phase without a command point being spent.
- Add 1 to casting rolls for this unit until the end of the phase.

Sublime Harmonies: *The cacophony unleashed by Vashtiss allows the Thricefold Discord to synchronise their movements and race towards the enemy with frightening speed.*

Sublime Harmonies is a spell that has a casting value of 6. If successfully cast, until the end of the turn, each time you make a charge roll for this unit, you can change 1 of the dice in that roll to a 6.
