

WARHAMMER LEGENDS: GRAND ALLIANCE DEATH

On the following pages, you will find all of the rules you need to use the following Warhammer Legends units from Grand Alliance Death in your games of Warhammer Age of Sigmar.

Every Citadel Miniature is a unique piece of the ever-evolving narrative of Warhammer. It is, then, an unfortunate truth that we can't continue to sell and support every model we've ever made indefinitely. As we make new models, and new books to explore their background and rules, we have to stop producing and featuring some older models. But just like many of you, we still treasure our collections of older Citadel Miniatures, and we still want to be able to use them in games and forge glorious narratives on the tabletop! This is where Warhammer Legends comes in: it gives us a place to publish rules that allow you to play games with your older miniatures.

The warscrolls in this document are not intended for competitive play. If you want to include any of the following units in your army, you must get your opponent's permission first. Each unit belongs to one or more factions, as shown in the table below. Each unit will either have its own warscroll in this document, or you will be able to use a warscroll from the Warhammer Age of Sigmar battletome for its faction. The Pitched Battle profiles for the models that have a warscroll in this compendium can be found at the end of this document. Models that use a warscroll from a battletome use the Pitched Battle profile for that warscroll in that battletome.
