### Gotrek's Doom:

*The Dwarf Ancestor Gods seem to have some plan for Gotrek, driving him towards an unknown doom. Since swearing his oath to accompany the Slayer, Felix has also been bound into this mysterious destiny. Although this means that they are forever wandering, unable to settle, they are also able to survive battles that see thousands of others die.*

Gotrek and Felix have a 4+ Ward Save and Magic Resistance (2). However, Gotrek may never join a unit, and so while he still lives Felix may not join a unit either. If Gotrek is removed as a casualty his Doom has no further effect on Felix.

### Wandering Heroes:

Gotrek and Felix are a Character choice in any Army of Dwarven Mountain Holds. Otherwise they may be taken as Mercenaries in any Empire of Man, Bretonnian Kingdom or Renegade Crown army made using any army composition list that includes the option to field Merceneraies.

	R	S	AP	Special Rules
Gotreks Axe	Combat	S	N/A	Magical Attacks, Runes of smiting and cleaving

Runes of smiting and cleaving: For each of Gotrek's initial Attacks that hit, he gains one extra Attack. Roll to hit with his first Attacks and then allocate and roll to hit for any bonus Attacks he gains. In addition, when it causes an unsaved wound to any opponent with Toughness 5 or more, Gotrek's Axe has the Multiple Wounds (2) special rule. No Armour Saves are allowed against Gotrek's axe.

The Wyrmslayer Blade	Combat	S	-2	Magical Attacks, Wyrmslayer

Wyrmslayer: The Wyrmslayer Blade adds +2 to Felix's Attacks. It also wounds enemies whose troop type is "behemoth" on a roll of 2+ regardless of their toughness. In addition, if there is a behemoth within his charge range Felix must declare a charge against it. Against behemoths, the Wyrmslayer blade allows Felix to re-roll missed attacks and failed rolls to wound.

## Tale of a Doom

Gotrek Gurnisson is certainly the most, or the least, successful Slayer in this age of the world. His quest to find death at the hands of a worthy opponent has yet to be fulfilled, but in his search he has slain monsters, Skaven, Orcs, Beastmen and Goblins beyond count. His adventures have taken him from the Old World across the Western Sea to the lost continent of Lustria.

No one knows why he shaved his head and took the Slayer's Oath and few have ever had the courage to ask him. Felix was a student at the University of Altdorf but was expelled from the University for accidentally killing a fellow student in a duel. He became a street corner agitator and was one of the instigators of the Window Tax march, which ended in a bloodbath. Felix was saved by Gotrek, and since he was being pursued by the authorities and knew the Dwarfish attitude to oathbreakers, he had no choice but to leave the city in the company of the Slayer and thereby begin his most extraordinary adventures.
